

Brand Guidelines.

These brand guidelines are design styles that help the Limited brand stand out in the crowded modern market place.

ADMARC Limited Copyright 2024

Vision.

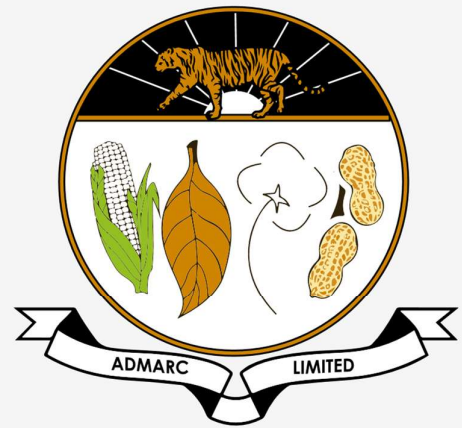

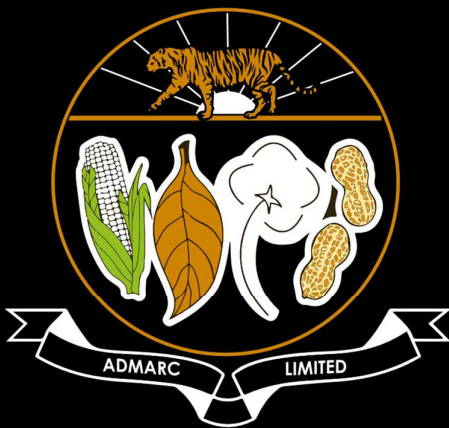

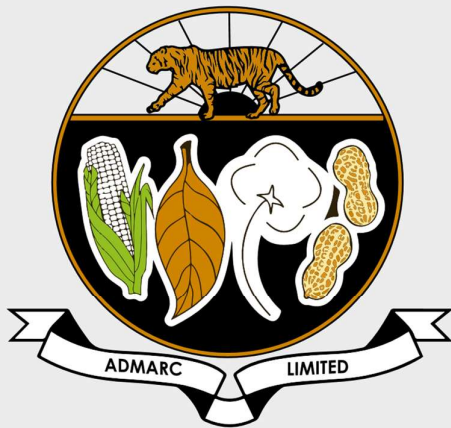

A viable commercial market leader
in the marketing of agricultural
commodities and products.

clear space.

Our logo represents ADMARC Limited and serves as our primary visual identity, so it's essential to use it correctly and consistently.

The logo features a tiger, symbolizing our strength in agricultural marketing, along with key crops such as green maize, dry tobacco, unshelled groundnuts, and cotton flowers. These elements together create a strong, cohesive brand that embodies ADMARC's values and voice in the industry.

To maintain clarity and ensure the logo is prominent, a minimum area of clear space must always surround it. This space prevents any text, images, or other graphic elements from interfering with the logo's legibility. The required clear space is defined as 25% of the logomark's height on each side.

Typography.

Century Gothic.

Circle

This element is from the logo. A
symbol of our promise to
safeguard the Agriculture
industry in Malawi.

For consistency in ADMARC branding, always place the logo on the left side for social media and print. On Bwenzi La Alimisi signage and other stationery, position it at the top center or top right to maintain visual balance.

Never place the logo at the bottom, as this reduces visibility and impact. Ensure proper spacing and proportion in all designs
